16th May, 1932.

Dear Sir,

I am in receipt of your letter of the  
and instant enclosing freeboard verification form in  
the case of the steamer "GLITRA", and note that the  
intermediate support is now fitted for the lifelines  
on the forward well deck, and the steering rods are also  
efficiently protected from damage by deck cargo.

In the circumstances, amended certificates  
in this case are now being forwarded to the Owners.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

Geo.Allan, Esq.,

MONTREAL.
