enclosures.

Dear Sir,

Herewith we enclose freeboard report and request form on steamer "GLITRA" together with Midship section and profile and Deck Plans. We may say that this vessel is now undergoing special survey No. 2 at this port.

The Owners' Representative informed us that timber cargo is to be carried on deck, and that while the vessel is under survey they will carry out the requirements in connection with the timber load line. On completion we will forward you particulars of the work carried out in this connection.

We shall be glad if you will kindly inform us as to the amount of fee to be charged.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS.

Per.

The Secretary,

LONDON.
