# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

29th September, 1933.

Dear Sirs,

H. With reference to the 2nd Special Survey No.3 which became due at the end of April last on the steamer "TACOMA", I have to acquaint you I am in receipt of a report from the Society's Surveyor at Bombay from which it appears that this vessel has been generally examined and the Boiler Survey held, in order to enable her to proceed to Japan in ballast, or with a non-perishable cargo to be broken up.

In the circumstances I shall be glad if you will give the case attention, and advise me immediately the work of demolition has been commenced.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.
