WB=CellDBorDBa feet; uE&B feet; f feet; Particulars of Classification (which must be inserted precisely as in Register Book & Supplements).

total capacity tons. FPT tons; APT tons; MT feet tons.

N.B.—All alterations in the existing records should be underlined.

If the Vessel has Water Ballast Tanks, state whether the manhole covers have been removed, and the insides the tanks examined. Also state the amount of deterioration (if any) found in the thicknesses of the floors, framing, rudders, and of the inner bottom plating, especially in the boiler space.

Last Report, No. Port

Periodical Surveys, when held, must be reported in detail and serially in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on the back of this form. State also the dates and initials of any letters respecting this case.

damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined?

Was a damage report made by anyone else? If so, by whom?

PAIRS, OR EXAMINATION AS PER RULE, FOR Damage and Completion

is vessel arrived here from the Builders yard via Montreal and Quebec for repairs and completion

done at Halifax: vessel was placed in drydock to fit a new stern tube. The bottom and rudder together with its fastenings

examined and found in good order. The bottom was not recrated.

completed at Halifax: Prop, Rind, and forecathle dicks. E & B Bulkheads, Rind and Prop end Bulkheads and shaft tunnels were

as per rules (Buffalo Report No 69 herewith) and found satisfactory. Putboard was marked on sides and afterwards repaired

atment checked over and found in order. Tunnel door and R. rudder pump tried out and found satisfactory. A number of

or completions attended to as per Buffalo Surveyor notes and well completed as per Rules.

vessel is now completed as per Rules and eligible in my opinion to be classed 100. 7.1.

## Observations, Opinion as to Class, Recommendation, &c.:-

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon the survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of 15," or "to remain as classed and to have record of survey, 1,15, and the notations of ss No. 1-15 and pEND15, &c."

Report is forwarded for the information of the Committee.
