Dear Sir,

S. S. "BRAEMORE".

With reference to the Electric Lighting Installation on the above steamer I beg to inform you that after a short trial it was found the engine was running hot and the governor not working, and a further trial will be necessary after adjustment.

The vessel has left for Dublin and the owners have requested the makers- H.C. Scott of Belfast- to send their representative on board on arrival.

The report is enclosed herewith for transmission to the Dublin Surveyors.

I am, Dear Sir,

Yours faithfully,

The Secretary,
