In connection with the remarks on the S.S. "QUEENMOOR" contained in the classing letter of the 1st February, 1924 I have to state that the total heating surface of the boilers is as given on the plan, namely - 8460 square feet.

I regret that this error appeared on my report and would request that the necessary alteration be made. Section 34 of the Rules, paragraph 6(g) has been complied with.

I am, Dear Sir,

Yours faithfully,
