6th January, 1925.

Dear Sir,

S. With reference to Greenock first entry machinery report No.18322 on the steamer "FORESTHILL", I shall be glad if you will be good enough to ascertain from the Surveyors and let me know whether they are correct in reporting that the diameter of the propeller of this vessel is 13 feet and the pitch 12 feet, in view of the fact that in the sister ship, the "FORESTGATE", the diameter is reported as 12 feet and the pitch 13 feet.

I am, Dear Sir,

Yours faithfully,

Assistant to the Secretary.

The Secretary,

GLASGOW.
