Via della Borsa N.º 2.

Dear Sir,

With reference to first entry report No. 5135 on the machinery of the steamer "MANIN" I have to inform you that owing to the late arrival of the auxiliary boiler, it was not fitted on board at this time, but will be installed on the vessel's return to Venice. In the circumstances the report on this boiler together with plan are retained in this office.

The electric light installation, while not in my opinion being dangerous, is not in accordance with the Rule requirements especially as regards the subdivision of circuits.

The shipbuilders and owners state this will be rectified on vessel's return.

I am, Dear Sir,

Yours faithfully,

*G. J. Forster*

The Secretary,

TRIESTE.
