

Rpt. 6

**COPY.**

**Lloyd's Register of Shipping,**

71, Fenchurch Street, E.C. 3.

5th August, 1921.

Dear Sir,

S. With reference to Glasgow report No. 41244 on the new steamer "CULMORE", I shall be obliged if you will kindly ascertain from the Surveyors and let me know whether the sheerstrake is doubled and the raised quarter deck side plating increased in thickness at the back and the thicknesses of the lower plating of the bulkheads are as approved, as these points are not clear from the Surveyor's report.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

GLASGOW.
