Enclosure.

22nd May, 1931.

Dear Sirs,

S. I have to inform you that in reply to the letter which was addressed to Messrs. Rethymis & Kulukundis, Ltd., of this City, on the 20th instant respecting the steamer "ANDROMEDA", a copy of which was forwarded to you on that date, they state that there is no question of the Owners not carrying out their undertaking regarding the Special Survey and repairs if they eventually decide to trade with the ship. They add that a decision will be taken by the Owners within a fortnight at latest as to whether she will be sold for scrapping purposes or the survey proceeded with, and I enclose for your information a copy of a further letter which I have addressed to them on the subject from which you will see that the Committee can in no case agree to the vessel being moved from your port as a classed ship unless the Special Survey and all necessary repairs are completed to your entire satisfaction.

As previously intimated you will be good enough to advise me promptly in the event of any other circumstances arising in regard to this case.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,
ROTTERDAM.
