BY LONDON

RE BEIRA.

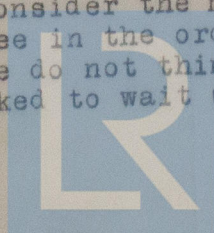

Mrs. Rethymnis & Kulukundis, *Ltd.*
Bury Street,
3.

Sirs,

s.s. "Huntress", to be renamed "Andromeda"

Referring to our conversation with you this
noon at which you informed us that the Classification
Committee of Lloyd's Register had recommended that the class
of this vessel be cancelled, we regret to say that we have
no alternative but to give you notice that if the class is
cancelled we cannot accept the vessel under the Charter
party, as the charter provides that she is to be classed
at Lloyd's and is to be tight, staunch and strong
in every way fitted for the voyage.

We understand that the decision of the
Classification Committee is subject to review by the full
Committee of Lloyd's Register, and if it is your intention
to ask the Committee to reverse the decision of the
Classification Committee, we would suggest that you take
steps to get the Committee to consider the matter immediately.
The next meeting of the Committee in the ordinary course
will be on Thursday next, but we do not think it is
reasonable that we should be asked to wait until that date.

Lloyd's Register
Foundation

W582-0252/2

Mrs. Rethymnis & Kulukundis.

26th Oct. 1930.

As you know we have sold the cargo to India by steamer, and have also made arrangements to insure at Lloyd's. If the classification is cancelled our chances will be invalid, and we shall have to find another vessel to carry the cargo. Every day is, therefore, of importance to us.

Unless, therefore, you can get the class of the vessel confirmed at once, we shall have to charter against in order to fulfil our engagements, and hold you responsible for any loss which we may sustain.

Yours faithfully,

Miner C. B. B.
