Upon trial the turnst of this vessel gave trouble probably caused by defective design: the seating has since been stiffened and, at the full power trial, was found satisfactory, but the tank beneath it still remains to be tested in way of the modifications - One visit will probably suffice for that -

I shall therefore be obliged by your forwarding the classification certificate by return of post that I may issue it upon completion of the above item and receipt of fees.

The report upon the electric light will follow in the course of a few days -

I am, Sir,

Your obedient servant

A. Demarest
