

Wood barges Nos. 71 to 74 inc. built by the Brewer Dry Dock Company, Staten Island, New York.

Dimensions :: $29.5' \times 11.5' \times 4.25'$

The above four barges have just been completed and plans & First Entry reports have been forwarded by the New York office.

From the examination made of the plans, the scantlings and arrangements appear to be generally in order and such as could be approved for the class assigned + 8 A1 for service at Comodoro Rivadavia and vicinity.
