Messrs. Lloyds Register of Shipping,  
LIVERPOOL.

Dear Sirs,

For the attention of Mr. Townend.

M. L. "MOYLES".

We herewith beg to enclose you the Makers Certificate confirming Tests carried out on the three Fuel Tanks as fitted on the above Vessel.

When the Order was placed for these Tanks with the above Firm they pointed out to us the difficulty of getting in touch with one of your Surveyors for so small a quantity.

We informed them that they would be able to obtain a Surveyor from your Sheffield Office, which we understand controls Birmingham.

As there was a probability of delay in getting the Tests through on so small a quantity we instructed the Makers to carry out their tests and deliver the Tanks to us, with their Certificate, and we would arrange at our end for your Surveyors to see the same.

We very much regret that this omission occurred, and we trust in the circumstances you will be able to see your way to accept the Tanks.

Yours faithfully,

W. J. YARWOOD & SONS, LTD.
