Dear Mr. Leeuwenburg,

I am favoured with your letter of the 5th instant regarding the case of the Steamer "SCALA SHELL" ex "SPEEDONIA", and note that for the conversion into a tanker and the survey of the repair work that has been done you have charged a fee of about two-thirds the amount that would be chargeable for the Special Survey during construction, and this is considered quite satisfactory.

With kindest regards,

Yours faithfully,

R. Leeuwenburg, Esq.,

ROTTERDAM.
