Dear Sir,

We thank you for your letter of the 29th ulto. regarding the survey held on the above vessel in respect of her grounding at Guernsey on the 13th and 14th Dec. 1933, and note it is recommended that she be specially examined when next in drydock.

We also note what you write in connection with the port hawse pipe and would add that this was fitted at Sunderland in August last and was reported to the local surveyor.

With regard to the Special No.2 Survey, this matter will receive our attention before the expiration of the year of grace.

Yours truly,

ANGLO-AMERICAN OIL CO., LTD.
