The Secretary,
LONDON.

Sir,

In reply to the Classing Letter dated 22/2/21, respecting the S.S. "CITY OF CAMBRIDGE", I beg to state that a web frame has been fitted in the deep tank and that a screen bulkhead equivalent to a web frame has been fitted in the machinery space as approved; that the bulkheads throughout are constructed in accordance with the approved plans or the Rules and Tables in force prior to the amendments adopted in May 1915; that the riveting of the tank, top centre strake, and the spacing of the rivets in butts of the upper deck sheerstrake and strake below clear of the bridge are as required by the Rules; that the tank top plating is increased in thickness in way of hatchways; that a hand pump is fitted to the fore peak and that the spacing of the floors is as approved.

I am, Sir,
Your obedient Servant,

The Secretary,
LONDON.

SIR,

In reply to the aforesaid letter dated 22/2/21, respecting
the N.Y. RULES OF CONSTRUCTION, I beg to state that a web frame
has been fitted in the deep tank and that a screen bulkhead
equivalent to a web frame has been fitted in the machinery
space as approved; that the bulkheads throughout are constructed
in accordance with the approved plans or the Rules and Tables
in force prior to the amendments adopted in MAY 1919; that the
riveting of the tank, top centre strake, and the spacing of the
rivets in butts of the upper deck sheerstrake and strake below
clear of the bridge are as required by the Rules; that the top
top plating is increased in thickness in way of the tank; that
a hand pump is fitted to the fore peak and that the fore peak
the floor is as approved.
