

C1798

## Lloyd's Register of Shipping,

71, Fenchurch Street,

London, 16th April 1920.

E.C. (3).

This is to Certify that

H. P. CORNISH,

the undersigned Surveyor to this Society did at the request of Messrs. Vickers Ltd., Barrow, examine at the works of Messrs. Peter Brotherhood Ltd., Peterborough, a three stage steam driven air compressor for their motor vessel No. 570.

The compressor numbered 16650 was run upon the test bench at Messrs. Peter Brotherhood's works for two hours on 14th April 1920, running coolly and well with almost an entire absence of vibration.

After the test the compressor valves were opened out and appeared in good condition.

Result of Test:-

| <u>Air pressure.</u>     | <u>Time in mins.</u> | <u>Average Revs.</u> | <u>Steam pressure.</u>   | <u>Exhaust.</u>        |
|--------------------------|----------------------|----------------------|--------------------------|------------------------|
| 600 lbs per square inch. | 3.5                  | 354.                 | 125 lbs per square inch. | 5 lbs per square inch. |

The compressor has been forwarded to Barrow to be fitted on board the motor vessel No. 570.

Surveyor to Lloyd's Register of Shipping.

Fee:-£3. 3. 0.

Expenses:-£1. 19. 3.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :-

While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of omission, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
