Copies of letters enclosed.

17th February, 1937.

Dear Sirs,

R.

I enclose for your information a copy of a letter which has been received from The British India Steam Navigation Co., Ltd., of this City regarding proposed alterations to the s.s. "NARDANA" to make her more suitable for the carriage of horses, together with a copy of my reply.

In a further letter received today from the Owners it is understood that the work will be carried out by Messrs. Cox and Co. (Engineers), Ltd., at Falmouth, and I have therefore to request that you will be guided accordingly.

I am, Dear Sirs,

Yours faithfully,

Assistant Secretary.

The Surveyors,

FALMOUTH.
