Dear Sirs,

S/S "Melania".Craig Taylor
N.E. Man.

We understand from the Builders, Messrs. Craig Taylor & Co. Ltd., Stockton-on-Tees, that, so far, no Classification Certificate has been issued. The vessel is now on the way to the Black Sea to load for the East, and it is most important that this document should be in our possession not later than the morning of the 9th. inst., in order to enable us to despatch it by the mail of that date to Port Said. Unless this document is on board, we feel sure that the vessel will experience delay, as the Suez Canal Authorities are most importunate in this respect.

S/S "Cassis". Although this vessel has been in service for about three months, we hear that the Classification Certificate is not yet on board, which matter we are taking up with the Builders, Messrs. The Greenock & Grangemouth Dockyard Co., and you will, no doubt, be hearing from them on the subject. We would impress upon you the necessity

issuing this certificate forthwith, in order to enable us to des-

rd run.
