The case/received consideration from time to time and on the 22nd August last the Committee agreed, in view of the special circumstances, endorsement 17.8.33 to allow the vessel's class to remain undisturbed until October when, it was stated, she would be broken up.

In reply to enquiry the Trieste Surveyors now forward a letter from the Owners reading as follows:-

"----we beg to inform you that owing to unforeseen technical and economical reasons, we feel compelled to request your Society to grant us a last and ultimate extension of class for the above steamer, namely until the end of December next."

"We feel sure that you will benevolently give consideration to the possibility of agreeing to our request and, awaiting your kind reply"
