Dear Sirs,

I am to acknowledge the receipt of your letter of the 23rd instant, regarding the case of your steamer "INVERAMPTON", and to acquaint you that provided the particulars of equipment be as detailed by you for the sister vessel, S.S. "INVERITCHEN", and provided 60 fathoms extra length of 1 1/2" cable be added to the equipment at present of board, making the total length of cable 165 1/2 fms., the vessel will be eligible for the figure "1".

I shall be much obliged if you will be so good as to forward to this Office two copies of the engine and boiler casings plan for these vessels (for the use of the Society's Surveyors at Southampton and Glasgow), together with the plan approved on the 18th instant.

I am, Dear Sirs,

Yours faithfully,

Messrs. Andrew Weir & Co.,
