We duly received your letter of yesterday's date, in which you remind us that the above named vessel is now due for her Special No.3 Survey.

This has come to us as a great surprise as we only took over this vessel from the Germans in 1921 and then put her into your Society's Class, where she was classed in June 1921, as having passed her No.2 Special Survey. This would only bring her due for her No.3 Special Survey in July this year. No doubt you have calculated your Surveys from the year she was built which was 1912, but we would have thought as she only entered your Society in '21 you would commence dating her Survey from that date.

It, however, occurs to us that we might have been credited with No.3 Special Survey at that time, in which case, this would bring her liable for her second No.1 in June next.

We shall be very pleased if you will kindly go into this matter and let us know your views on the subject.

Yours faithfully,

MACANDREWS & Co. LIMITED.
