A proposal to carry out the Special Survey within the year of grace was agreed to in March last year.

In reply to an inquiry in regard to the Screwshaft and Boilers Surveys the Owners wrote in January that they had decided that on the vessel's return to Liverpool at an early date she would not again sail for them.

The steamer arrived at Liverpool on the 1st instant and the Surveyors at that port now state she is at present laid up at their port for sale, and that they have been informed by the Owners that she will probably be broken up.
