Dear Arne,

M.S. "TONGKING" - No. 35292 in 37/38 R.B.

According to Lloyd's List 5-4-39 this vessel has been refloated but it was not decided whether to repair or break her up, so the matter was left.

I have now been on to Lloyd's and they inform me that she has been towed to Osaka and the new Owners,

Kyoei Shokai of Kobe intend repairing her.

This being so, I have to put the case before the Committee, but before this is done, her name should appear in the R.B. Will you please do this or arrange with C.O. to do so. The record "Burnt 4,38" should go in, as this will have to have a "Now trading record" added on.

Meanwhile I am writing to Jasper Cox for full particulars and also to be informed when the vessel has resumed trading.

Yours sincerely,

A. Hjersing, Esq.
