Reference

Sir,

S.S. " OHIO" Ex " MUNICHEN".

With reference to the above-named vessel, built and engined by the Actien Gesellschaft "Weser" of Bremen, and now being completed for us for our Western Ocean Service, this steamer was launched on or about 22nd March, 1920, and purchased by us from the Reparation Commission under the Inchcape Scheme on 14th July, 1921, and owing to extensive alteration to meet our trade and Classification requirements, will not be ready until late March next.

The hull and machinery were built under the special survey of the Germanischer Lloyd and since being taken over by us are being brought up to yours and the full requirements of the Board of Trade.

We shall be pleased to know that you will insert her in your Register as a 1923 steamer, especially in view of the fact that had we not applied for Classification under your Register, the Board of Trade would have accepted 1923 as the year of build.

Yours faithfully,

THE ROYAL MAIL STEAM PACKET COMPANY.
