Lloyd's Register of Shipping,
17 Battery Place,
New York, N. Y.

Gentlemen:

Referring again to your letter of September 22nd re the Motorship "TROLLTIND", we desire to say this vessel is due at Houston, Texas, October 25th.

As the vessel has a charter to perform to carry lumber from there to four ports on the northern coast of Africa, and it is essential she load the cargo immediately in order to avoid cancellation of the charter.

We would appreciate it very much if you will delay the examination and opening of the engines until her return from this trip. The vessel has just been examined by Lloyd's Inspector two weeks ago at Falmouth and engines approved, and as we have put on two new compressors and an additional crank shaft, we trust you will see your way clear to consider our request favorably.

Yours very truly,

DAVID COHEN & CO., INC.
