# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

25th July, 1928.

Dear Sirs,

M.

I have to acquaint you that it appears from a first entry report received from the Society's Surveyor at Dundee on the new steamer "WATFORD", built by the Caledon Shipbuilding and Engineering Co. Ltd., that the vessel has left for your port where the machinery is to be installed, and to complete the survey the engine and boiler casings require to be closed, steering gear, windlass and anchors to be examined under working conditions, and the pumping arrangements to complete.

I shall therefore be glad if you will be so good as to give the case the necessary attention, and forward a report on form 8 in due course when the survey has been completed.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.
