mittee.

Dear Mr. Sneddon,

In reply to your personal letter to me regarding the s.s. " IVAN GORTON " I am forwarding today officially a blue print of the collision bulkhead plan showing the bulkhead as fitted into the ship with explanation as to why the reduced sizes of bulb angle stiffeners might be accepted in the present case.

Trusting you will find that these stiffeners are all right,

with kind regards,

Yours sincerely

*A. Chisholm*
