ENCLOSURE.

25th May, 1920.

Dear Sir,

I beg to hand you herewith the account for the fee due for the survey during construction of the Engines and Boilers built by Messrs. Parsons Marine Steam Turbine Co., Ltd., and Messrs. Babcock & Wilcox Ltd., and now fitted into the "N.I." Type Standard Vessel s.s. "MONTE PASUBIO" (ex "WAR GLORY"), Messrs. The Monmouth Shipbuilding Co's No. 370 vessel.

In connexion with this case I think it well to point out that as the special duties with regard to the specification were carried out on the Engines and Boilers up to the time of their completion in the shops, the proportion of the usual Standard fee has been charged for the work up to that period, and the proportion of the fee for the installation on board has been charged on the basis of the ordinary classification fees.

I shall be glad to be favoured with a remittance in settlement at your convenience.

I am, Dear Sir,  
Yours faithfully,

Secretary.
