15th May, 1920. *N. 164*

Dear Sirs,

A. With reference to your first entry report No. 71532 on the geared turbine engines made by Messrs. Parsons Marine Steam Turbine Co., I have to inform you that these engines are now reported by the Society's Surveyors at Newport, Mon., to have been fitted into the Monmouth Shipbuilding Co's No.2 vessel s.s. "WAR GLORY" (now named "MONTE PASUBIO").

With a view to determining what fees should be charged for the survey of these turbines during construction I shall be glad if you will let me know whether special duties with regard to the specification were carried out while these engines were under construction at Messrs. Parsons' Works.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-on-TYNE.
