Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

1st December, 1920.

Dear Sirs,

I have to acquaint you that it appears from a first entry report received from the Society's Surveyors that the New Single Screw Steamer "BRANSTONE", built by Messrs. Colby Bros. at Lowestoft, has proceeded to your port, where the machinery is to be fitted on board, and that to complete the survey for classification the deck casings require to be riveted and the rudder deck steps examined.

I shall therefore be glad if you will be so good as to give the case the necessary attention, and to forward a report on Form 8 when the survey has been completed, with a view to the classification of the vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.
