Dear Sirs,

With reference to my letter of the 19th. ultimo respecting the Wood Sr. "NINON L", I beg to acquaint you that the Committee have had the case before them at their meeting today, and I am directed to inform you that, after consideration of the circumstances they feel that, consistently with the course usually followed in similar instances, a record of "In port damaged 2.22" should be made against the vessel's name in the Register Book as described in my letter of the 19th. October.

I may add, however, that in the event of the vessel being repaired the above notation will be withdrawn immediately upon reclassification by this Society.

I am, Dear Sirs,

Yours faithfully,

Secretary.
