General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,15," or "to remain as classed and to have record of survey, 1,15, and the notations of ss No. 1-15 and pIND15, &c."

This vessel is eligible in my opinion to be continued as now classed in Society's Register Book, subject to the vessel being examined in dry dock at first convenient opportunity, also to the sounding pipe to N°1 tank being repaired and protected.
