Enclosed

The Secretary,

London.

Dear Sir,

With reference to Messrs. Sir J. Laing & Son's S.S. "WAR RAMBLER" reported yesterday it will be observed that- in accordance with the Shipping Controller's instructions - no kedge anchor was supplied to the vessel.

The Builders however now inform me that the anchor, which had been on order, was placed on board at the last minute and have handed me the enclosed certificate for same.

No opportunity was afforded ~~me~~ of seeing the anchor but I am assured by the Builders that it is on board.

I shall be glad to have the certificate returned at your early convenience.

I am, Dear Sir,

Yours faithfully,

*J. Allan*
