

COPY.

15th March 1918.

SUNDERLAND.

As recommended.

"WAR RAMBLER" Classed 100A1 with notations Lloyd's
CP and QLMC 3.18 It is concluded that relieving tackles are
fitted to the quadrant instead of the hand steering gear as in the
other vessels, but I shall be glad if you will state if this is

I am in receipt of your letter of the 14th instant respecting
the kedge anchor of this vessel, and I return the Certificate here-
in as desired.
