To "The Secretary"
Lloyd's Register of Shipping
London.

Sir,

When forwarding my first entry report
on hull (No report No 1952) Steel twin $\text{Lc } 5^{\text{th}}$ Main
BK "France", as you may see, I have calculated the
fee for Special Survey on the "Tonnage but total",
i.e. on 6255.545, which is the tonnage on which
are calculated the bounties allowed by the French
Government for the building and the navigation and
it is in that manner that the Bureau Veritas has
calculated there amount of fees, as told to me by
the Surveyors to Bureau Veritas -

I remain,

Sir,

Your obedient servant.

J. Kandertrampke

N.B. I have been advised that this vessel had left La Pallice
for Glasgow on the 10th inst. -
