

Steel Twin Sc. 5 Mst. Bk. "FRANCE".

This twin screw steel barque, built at Bordeaux, has been fitted with Diesel Engines each having 4 cylinders of 17 $\frac{3}{4}$ " diameter and 22" stroke on each shaft. The engines are of the two stroke cycle, single acting type and indicate about 2600 horse power.

A donkey boiler has been fitted for a working pressure of 113 lbs per square inch.

The whole of the machinery has been constructed under special survey and in accordance with the approved plans, and has proved satisfactory under trial.

It is submitted that the vessel is eligible for the record of

⊗ LMC 10.13
Oil Engines. 8Cy.17 $\frac{3}{4}$ "-22" 2SC.SA.
