19th May 1916.

H. Dear Sir,

With reference to the classification in this Society's Register Book of the Steamer "MOORGATE", I beg to remind you that the Special Survey No.2 became due in August 1915 and was partly held at Alexandria in March last. To complete the same the bunkers require to be examined and a bower anchor and 15 fathoms of chain cable of proper size, weight and test to be supplied. Some damage sustained to the deck and shell plating through collision also requires to be permanently repaired. In the circumstances I shall be obliged if you will kindly let me know for the information of the Committee what arrangements are proposed to be made for the inspection in question to be completed.

I am, Dear Sir,

Yours faithfully,

H. W. Dillon Esq.,
