Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME Wood S.S. "WAR QUEBEC". Rpt. Nwc. No 73383

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/82.)

Nature of Survey

The class of this vessel is subject to a special survey equal to a half time survey being held at four and eight years from date of build, to a stream anchor of proper weight and test being supplied, and the remainder of the equipment of anchors and cables being examined and found or placed in order.

The Newcastle Surveyors now report the vessel placed in dry dock, bottom cleaned and coated.

The bottom ^{up to above the turn of bilge has been recalked and} ~~and several~~ topside strakes ~~have been~~ recalked as found necessary and minor repairs effected.

A bower anchor and 60 fathoms of chain cable of proper weight and test supplied.

It is submitted the vessel appears worthy to remain as classed with record of survey 7.20, as recommended, subject to a stream anchor of proper weight and test being supplied and the chain cables being ranged and examined and found or placed in order, and to a special survey equal to a half time survey being held at four and eight years from date of build.
