Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

29 JAN 1920

VESSEL'S NAME *Ferro. Concrete Dumb Barge "CRETE STREET"* Rpt. *Hul.* No. *31539*

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—*Extract from Sub-Committee's Report, 24/6/22.*)

Nature of Survey

Equipment

The Hull Surveyors report that a new Bower Anchor of correct weight & test has been supplied & also 45 fathoms of chain cable, to replace equipment lost in lumber in December.

The diameter of the chain cable now supplied is $1\frac{1}{16}$ " against $1\frac{1}{8}$ " originally supplied & approved for these barges.

It is submitted for the consideration of the Committee whether the new cable might be accepted. The vessel allowed to remain as classed.
