

Lloyd's Register of Shipping.

Collingwood Buildings, Newcastle-on-Tyne.

September 24, 1921

To The Surveyors,
Aberdeen

S.S. CAIRNSIDE. (NEW) at Blyth.

Gentlemen,

The above vessel has had her accommodation fitted at this port and she has sailed for Sunderland to load. She was examined in dry dock Sept. 21 and found good.

The Blyth Board of Trade Surveyor states that he is forwarding to his colleagues at Aberdeen, a detailed statement of the vessels tonnages, and I have no doubt you will be able to obtain from the latter all the information necessary to complete the First Entry Report.

Yours faithfully,

Alex. Lawrence.
