The Secretary,  
London.

Dear Sir,

Referring to Kobe Report No.2046 upon the new steamer "War Council", forwarded by last mail, I regret that the sizes of the beams of the upper & second decks were omitted. These should have been entered as  $9 \times 3\frac{1}{2} \times 3\frac{1}{2} \times .48$  channels and  $11 \times 3\frac{1}{2} \times 3\frac{1}{2} \times .46$  channels respectively.

I am, Dear Sir,

Yours faithfully

A. L. Jones
