4th October, 1923.

Dear Sirs,

Reverting to your letter of the 1st and to mine of the 2nd instant respecting the classification of the Motor Vessel "ARNUS" built by Messrs. Swan, Hunter & Wigham Richardson Ltd., to your order, I beg to acquaint you that I am today in receipt of a reply to my enquiry from the Society's Surveyors at Newcastle, who state that it is understood a further sea trial is to be held before the vessel is finally handed over. A few slight adjustments are also being carried out, and it is expected that the machinery will be ready for the final trials in a week or ten days.

As soon as the final reports are received the case will have immediate attention.

I am, Dear Sirs,

Yours faithfully,

Secretary.
