

LLOYD'S REGISTER OF SHIPPING  
17 BATTERY PLACE

NEW YORK

March 7, 1941.

The Surveyors,  
BALTIMORE.

Dear Sirs:

"BLACK OSIREY"  
Balt. 7316

I think it well to remind you that the fees for the Classification or Reclassification Surveys of vessels acquired by the British Ministry of Shipping are being charged in London on an agreed basis, so that no entries should be made in your report or Rough Fee Book in respect of such fees.

However, it is suggested that expenses incurred in connection with the Classification Survey should be applied for to the local Agents, and you might kindly arrange accordingly.

Yours very truly,

Principal Surveyor.
