2nd February, 1937.

Dear Sirs,

Messrs. Vickers-Armstrongs' Yard No.726.

E.

I duly received your letter of the 27th ultimo, forwarding a copy of one received from the Builders, respecting the 7 KW. generator proposed for the above vessel, and with regard thereto I have to inform you that, in view of the statement contained in the Firm's letter to the effect that the generator will only be driven from the propeller shaft in broad daylight with the vessel on a steadycourse in clear weather and a calm sea, the proposed 7 KW. generator will be accepted in this instance.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

BARROW.
