

Messrs. Vickers-Armstrong Ltd. Yard No. 726.

Main Engines by Messrs. Atlas Diesel Co., Glasgow.

IT IS SUBMITTED the Glasgow Surveyors be advised it is stated that the machinery for the above vessel will be constructed by Messrs. Atlas Diesel, Glasgow, and a copy of the order for the machinery be forwarded to them.

The Surveyors should be instructed to advise Messrs. Atlas Diesel that the spare gear mentioned on the order form does not comply with Notice No. 1683, additions and amendments to the Rules, which become valid on October 23rd, 1936, the following items being omitted from the list:-

- 1 cylinder relief valve.
- 1 complete cylinder liner.
- 1 set of wheels for the camshaft drive, or six separate links with pins and rollers where chain drive is used for camshaft or scavenge blowers.
- 1 set of rubber rings for liner joints.
- 1 complete crank pin bearing.
- 1 set of pads of each hand for one face of Michell Thrust Block.

A copy of the Secretary's letter to the Glasgow Surveyors should be forwarded to the Barrow Surveyors for their information.
