Dear Sirs,

I beg to acquaint you that your letter of the 30th ultimo, respecting the endorsement on the Certificate of Classification for the new steamer "LANDONIA", was submitted for the consideration of the General Committee of the Society at their Meeting yesterday, and I am directed to say that in all the circumstances, the Committee have decided to make the classification of the steamer subject to the patched high pressure cylinder being submitted for further examination by the Society's Surveyors within six months.

I enclose fresh Certificates herewith, and shall be much obliged if you will be so good as to return the other ones in due course.
