

S.S. "MAIZAR".

This vessel was launched on the 22nd March, 1917.

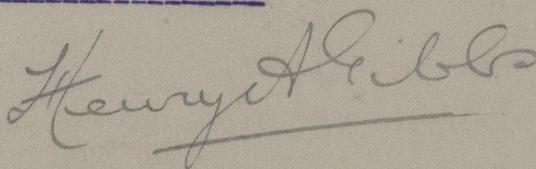

owing to the War the machinery was not ready and this has caused delay in the completion of the vessel.

The Builders desire the date of build be recorded as 12,17.

In view of the reason for delay in completion, I am of opinion

this proposal is worthy of approval as in previous similar

cases.

  
Henry Hibbs

25th December, 1917.
