ANS

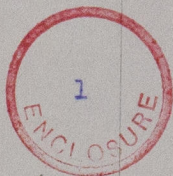

Dear Sirs, Eng. Nos. 634-635.

Main Boilers (Single Ended). With reference to  
the outer tube plate stays near furnaces for above boilers,  
please note that these are to be raked towards back tube  
plate.

The pitch of manhole stays has also been reduced.

1 We enclose additional photoprint O.T. 19738 of  
main boilers (single ended) with the above modifications  
embodied, so that you may have a plan for each number.

Yours faithfully,  
FOR DAVID ROWAN & CO.
